BRAND LABEL

Murrelektronik Is Your Partner

BRAND LABEL PARTNER MURRELEKTRONIK

...quick, flexible, reliable

Murrelektronik has one of the most comprehensive ranges of M8 and M12 connectors and distribution boxes on the market. This wide product range is available as part of Murrelektronik's standard program, and we also provide brand label versions. We will meet your individual requirements, beginning with customized printing and packaging all the way up to special colors of contact carriers.

DID YOU KNOW?

...that Murrelektronik offers customized packaging?

With us, you have a flexible partner on your side: we can fulfill all your ideas and wishes down to the tiniest detail.

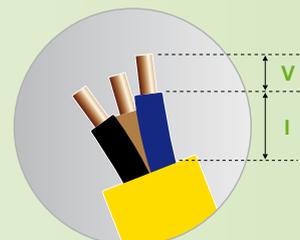

DO YOU KNOW...

...that it's possible to accurately process the ends of sensor cables down to the millimeter?

The wire ends of sensor cables require pinpoint precision. These are called pigtailed and Murrelektronik offers a wide variety of them! The range is made up of cross sections from 0.14 mm² to 0.34 mm², different cable materials and jacket colors.

Accurate measurements, (= isolation length / V = tinned length) down to the millimeter and within small tolerances, are produced depending on wire cross section and number

ROUND CONNECTORS

- Modular connector program
- IP67 or IP69K protection
- Food grade quality
- Individual contact carriers
- Customized cable printing

DID YOU KNOW?

Every Murrelektronik connector is 100 % tested.

- ↘ Electrical test
- ↘ High voltage test
- ↘ Performance test
- ↘ Pin assignment test
- ↘ Short circuit test
- ↘ Visual control

For more information on connectors see: www.murrelektronik.com
